A SUDDEN TWINGE

Of pain is generally the first warning of an attack of rheumatism. It feels as if the disease were in the bones or muscles, but the real cause of rheumatism is found in impure blood. In order to cure rheumatism the blood must be cleansed of the poisonous impurities which are the cause of the disease.

Dr. Pierce's Golden Medical Discovery has been very successful in the cure of rheumatism, because it entirely cleanses the blood from the poisonous uric acid which is the cause of the disease.

"Your 'Golden Medical Discovery' cured me of rheumatism after I had tried a dozen remedies without relief and also gone West in search of health," writes Harry Kitter, of No. 1645 6th Street, Denver, Colo. "Only those who have suffered from this dread malady know the pain and misery I endured for over five years. Whenever the weather was damp or cold my troubles were increased and my joints would be so stiff and sore that I was hardly able to move about, and often unable to dress myself. I used a number of highly recommended medicines, but they had no effect whatever on me, and I came to Colorado hoping to regain my health, but failed to obtain the relief I had hoped for. A gentleman in the house where I lived advised me to use Dr. Pierce's Golden Medical Discovery, and in four months and a half after I began using it I was a well man, and have had no touch of it for the past seven months."

The sole motive for substitution is to permit the dealer to make the little more profit paid by the sale of less meritorious medicines. He gains; you lose. Therefore accept no substitute for "Golden Medical Discovery."

Pierce's Common Sense Pellets. These tiny, sugar-coated anti-bilious granules regulate and invigorate Stomach, Liver and Bowels. Do not beget the "pill habit," but cure constipation. One or two each day for a laxative and regulator, three or four for an active cathartic. Once tried always in favor. Put up in vials: always fresh and reliable.

CLEANLY WOMAN.

Erroneously Thinks by Scouring Her Scalp That She Cures Dandruff.

Cleanly woman has an erroneous idea that by scouring the scalp, which removes the dandruff scales, she is curing the dandruff. She may wash her scalp every day, and yet have dandruff her life long, accompanied by falling hair, too. The only way in the world to cure dandruff is to kill the dandruff germ, and there is no hair preparation that will do that but Newbro's Herpicide. Herpicide by killing the dandruff germ, leaves the hair free to grow as healthy Nature intended. Destroy the cause you remove the effect. Kill the dandruff germ with Herpicide. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Separation of Church and State.

The French Chamber of Deputies yesterday began the debate on the government bill providing for the separation of church and State. A large crowd was present, and intense interest was shown in the proceedings. The discussion is considered of momentous importance, as both the ministry and Parliament are now favorable to a separation, so the question which has been pending for years will probably be settled, as a result of the debate, which is expected to last three weeks. Sixty-three orators have announced their intention of addressing the chamber on the subject.

The supporters of the bill are confident of success. The debate began with the motion of Georges Berry (conservative) deferring the subject until after the general elections of 1906, and the motion of the Abbe Garud (Catholic-republican) to refer the question to a parliamentary commission. M. Berry's motion, putting off the question until after the elections, was defeated by 343 to 40 votes.

Before the vote was taken M. Berry declared it to be the most unpopular vote ever taken. Therefore, the separation of church and State would lead to serious religious troubles. The State would adopt violence which would be met with violence, thus bringing on a civil war.

By a vote of 386 to 162 the Chamber decided not to accept Abbe Garud's motion favoring the appointment of a commission comprising clergy of different denominations for the purpose of arranging an amicable settlement of the question of separation. Abbe Garud contended that the suppression of the budget of public worship amounted to robbery. It was, he said, breach of the 1789 engagement. The courts could compel Catholics to submit to the law, but they would never recognize its justice. It the gauntlet were thrown down to the church it would be picked up.

Children Fight an Eagle.

As a number of children were returning home from school in Long Prairie, Minn., a huge eagle swooped down upon them in the street, near the roller mill, seized Lou Reamer's five-year-old girl and attempted to carry her away. The bird fastened its talons in the child's shoulder and dress shirt and lifted her several feet from the ground when Frank Blair's son and other boys sprang to the girl's assistance and grasping her clothing, prevented the bird from carrying her away. The eagle then soared off. When young Blair seized the child the bird with its wings struck him a blow on the side of the head and knocked him down. The side of the boy's face is black and blue. Before the eagle made its attack the boys saw it flying overhead about fifty feet above the ground. Suddenly the bird closed his wings and dropped to the earth. The children started to run away, but as soon the bird seized the little girl, who began to scream, the boys courageously turned back to rescue her. The attack was within three blocks of the village school, and in the thickly settled part of town.

A Terrible Experience.

The codfishing schooner Czarina from from Eagle Harbor, in Alaska, has brought to San Francisco, Fred Martin, still suffering from three days and nights in an Arctic prison, shut in by the raging sea on the one side and a sheer glacier on the other. Martin was placed in this dangerous position by a storm which overtook him while fishing off Eagle Harbor last April, and which blew his dory ashore. A narrow circle of beach between the sea and the glacier made a prison as strong as the Bastile. Notwithstanding his sufferings and the apparent hopelessness of his position, Martin kept a diary written hourly. It tells of his despair, his recourse to raw fish-bait as food after two days of starvation, his fight to keep the blood moving by savagely beating his feet with the handle of a gaff, his final perseverance and his escape by climbing the glacier in his bare feet. With a rope he lassoed the pinnacle of a rock far above him, and then climbed up the cliff, clinging to the crevices with his feet. Then he ran across the frozen fields to a fishing station.

Seeley Dinner Discounted.

Late Monday night Bowlby Hall, in St. Paul, Minn., was the scene of an entertainment that discounts the reports of the Seeley dinner in New York. The circumstance has been called to the attention of the police and a thorough investigation by the grand jury may result. The hall is used by several lodges, and, while each of the organizations specifically denies responsibility for the show, the custodian of the building says that several of the members of the entertainment committee of one of the lodges secured the hall for the night. Six hundred tickets were sold to St. Paul men, some of whom are of the most prominent families in the city. The feature that raised all the trouble was a dance performed by an artist's model, a handsome young woman, who was born and brought up in the city. This was followed by a realistic exhibition of the national dance of the Igorrotes. The affair did, not come to the notice of the police until after it was all over, but so much discussion has been caused concerning the affair that the ministerial association, according to two of its members, will probably lay the facts before the grand jury at the next meeting of that body.

Nervous Women

Their Sufferings Are Usually Due to Uterine Disorders Perhaps Unsuspected

A MEDICINE THAT CURES

Can we dispute the well-known fact that American women *are* nervous?

How often do we hear the expression, "I am so nervous, it seems as if I should fly;" or, "Don't speak to me." Little things annoy you and make you irritable; you can't sleep, you are unable to quietly and calmly perform your daily tasks or care for your children.

The relation of the nerves and generative organs in women is so close that nine-tenths of the nervous prostration, nervous debility, the blues, sleeplessness and nervous irritability arise from some derangement of the organism which makes her a woman. Fits of depression or restlessness and irritability. Spirits easily affected, so that one minute she laughs, the next minute weeps. Pain in the ovaries and between the shoulders. Loss of voice; nervous dyspepsia. A tendency to cry at the least provocation. All this points to nervous prostration.

Nothing will relieve this distressing condition and prevent months of prostration and suffering so surely as Lydia E. Pinkham's Vegetable Compound.

Mrs. M. E. Shotwell, of 103 Flatbush Avenue, Brooklyn, N. Y., writes:

"I cannot express the wonderful relief I have experienced by taking Lydia E. Pinkham's Vegetable Compound. I suffered for a long time with nervous prostration, backache, headache, loss of appetite. I could not sleep and would walk the floor almost every night.

"I had three doctors and got no better, and life was a burden. I was advised to try Lydia E. Pinkham's Vegetable Compound, and it has worked wonders for me.

"I am a well woman, my nervousness is all gone and my friends say I look ten years younger."

Will not the volumes of letters from women made strong by Lydia E. Pinkham's Vegetable Compound convince all women of its virtues? Surely you cannot wish to remain sick and weak and discouraged, exhausted each day, when you can be as easily cured as other women.

Inflammatory Rheumatism Cured.

William Shaffer, a brakeman of Denison, Ohio, was confined to his bed for several weeks with inflammatory rheumatism. "I used many remedies," he says, "Finally I sent to McCaw's drug store for a bottle of Chamberlain's Pain Balm, at which time I was unable to use hand or foot, and in one week's time was able to go to work as happy as a clam." For sale by Gibson & Timberman and W. F. Creighton & Co.

Are You Engaged?

Engaged people should remember, that, after marriage, many quarrels can be avoided by keeping their digestion in good condition with Electric Bitters. S. A. Brown, of Bennettsville, S. C., says: "For years my wife suffered intensely from dyspepsia, complicated with a torpid liver, until she lost her strength and vigor and became a mere wreck of her former self. Then she tried Electric Bitters, which helped her at once, and finally made her entirely well. She is now strong and healthy." E. S. Leadbeater & Sons, druggists, sells and guarantees them at 50c a bottle.

Pleasant and Harmless.

SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

WEDNESDAY EVENING, MAR. 22, 1905.

THE OFFER of $100,000 by Mr. John D. Rockefeller toward the cause of foreign missions has caused a heated controversy among New York clergymen, some of whom are heartily in favor of rejecting the donation. Those who oppose the acceptance of the money urge that Mr. Rockefeller is the head of an organization which stands indicted by the public as morally iniquitous and socially destructive. They are therefore opposed to taking money obtained by unjust methods. One minister paints the coal oil magnate as a "commercial monstrosity—in civic life social dynamite." The objections raised by the dissenting clergymen are doubtless hard to controvert, but, at the same time, money is often received into church coffers which comes through channels as questionable as those employed by Mr. Rockefeller. Many years ago a conscience-stricken individual yclept Zaccheus, who had amassed great wealth in preying upon a defenseless community, appropriated half of his goods for the benefit of the poor. His donation was not declined, but a benediction pronounced upon his house by the Great Teacher rebuked a number who objected to Him partaking of the hospitality of one who was at that time standing indicted by an entire nation.

ACCORDING TO a dispatch from New Brunswick, N. J., Cordova, who assaulted and deserted his wife and subsequently eloped with a young woman, is possessed with the hallucination that his trial and conviction should be regarded as an international question. He says he has been treated outrageously by the New Jersey courts and is anxious to interest President Roosevelt in his affairs. He will also appeal to President Diaz of Mexico, and is basking in the hope that something favorable will be done for him by the government of that country. There are in our day many exhibitions of gall on the part of some who fall into the meshes of the law, but Cordova is undoubtedly the most brazen-faced individual who has gained cheap notoriety for a long time. Miss Bowne, who has been brought prominently into notice by her relations with a married man, and one posing as a minister of the gospel, has been importuned by the proprietor of a New York lunch house to accept a position with him, the boniface desiring to use the young woman as an attraction to the curious. It is not believed, however, that she can keep away from Cordova long enough to engage in such an enterprise.

THE SENATE having adjourned, Senator Martin, after close and constant attention to his official duties, has gone to Richmond and opened headquarters and during the approaching campaign will personally interest himself in his re-election to the Senate. His task should be an easy one, for if any man ever deserved a reward for duty well performed, that man is Senator Martin. A constant and regular attendant upon the sessions of the Senate and a hard working member of the several committees to which he has been assigned, during his entire term of office he has labored in season and out of season for the good and welfare of his people, State and country. Among his colleagues he is known as one of the working and useful members of the Senate and this is so generally recognized that on the occasion of Vice President Fairbanks' recent visit to this city he said that in such high regard is Senator Martin held that he has as much influence in the Senate as any man on the democratic side of that body. His ability, business methods and experience have made him a most valuable representative for Virginia in the higher branch of Congress. It would be a great mistake not to return him to the Senate.

WOMEN, BEWARE. Ruling that a woman's tongue is a "concealed weapon," Police Justice Cook, of Madison, N. J., yesterday fined a woman $10, and collected the fine. Nearly a week ago one woman made a complaint against another before Justice Cook. When the women came into court they began to abuse each other. The abuse became so violent that Justice Cook said he judged both women guilty of carrying concealed weapons, from the manner in which they used their tongues. He fined them $10 each for the offense. A Daniel come to judgment!

A MAN WAS arraigned in Boston last week on the charge of defrauding a hotelkeeper, who claimed that the man came into his establishment, ordered oysters, coffee, potatoes and a nice tender steak; that on account of its toughness the customer refused to pay for the steak. The judge dismissed the case, declaring there was no intention to defraud. The fraud was on the side of the hotelkeeper, and if more people would refuse to pay for unfit food served them a better condition of affairs would soon be brought about.

THE North German Lloyd Steamship Company reports gross earnings for 1904 of $4,954,456. The American steamship companies which have equal opportunities with their foreign rivals want Congress to vote them enormous subsidies and declare those who oppose such subsidies to be unpatriotic!

Washington, D. C., March 22.

With practically one third of the the revenue of Venezuela already hypothecated to pay foreign creditors, 30 per cent having been pledged of the customs receipts of the three principal seaports to pay the claims which were arbitrated three years ago and the balance of the revenue of the country being inconsiderable, President Castro's obduracy presents an almost unsolvable problem to the administration. Minister Bowen's warning to Castro is in effect an ultimatum but it is difficult to see how it may be given any force. To seize ports which are now being operated under an international agreement is impracticable and could yield no tangible good result; to send an army to attack Castro and his nondescript forces would be even more absurd, while a navy patrolling the coast would have no avail. It is because of these consideration that the government has been delaying action in the hope that some motive would lead Castro to become more reasonable. Apparently this hope is in no danger of immediate realization.

Rev. A. J. McKelway, editor of the Presbyterian Standard, of Charlotte, N. C., called at the White House today to intercede with the President for Midshipman Arrowood, who has been ordered dismissed from the navy for desertion. Dr. McKelway asked the President to so mitigate the sentence that the young man would not lose his citizenship. The President has taken the matter under advisement, and it is understood, will show the midshipman some measure of leniency.

Vice-President Fairbanks, United States Commissioner of Internal Revenue Yerkes, Representative Dixon, of Montana, and a party of other republicans left for Greensboro, N. C., this morning to attend the banquet of the Tarheel Club tonight. A committee of North Carolinians reached the capital yesterday for the purpose of "rounding up" the guests of honor and performed that duty so expeditiously that the members had ample time to devote to sight seeing and political prognosticating in the hotel lobbies. Among the prominent Tarheels in evidence were C. J. Harris recent republican nominee for governor; U. S. District Attorney Skinner, ex-Railroad Commissioner D. H. Abbott, and Representative E. Spencer Blackburn. The special train bearing the vice presidential party left over the Southern Railway at 10:51 this morning and is due to reach Greensboro at 10 p. m.

Benjamin F. Barnes, assistant secretary to the President, is suffering from a severe case of the grip. During his absence the duties of the assistant secretary are being performed by J. L. McGrew.

Senator Scott, of West Virginia, who was one of the White House visitors today, secured the President's promise to name Geo. C. Cole, of Weston, W. Va., as consul general at Buones Ayres. The position was first offered to George McIntosh, of West Virginia, but the latter refused to take the place.

A deputation of Syrians from New York called at the State Department this morning to protest against the proposed expulsion of Syrians from Haiti on April 1 next, as reported by Minister Powell a few days ago. Since a later dispatch from him states that Syrians who are naturalized citizens of the United States are not included in the expulsion order, the visiting delegation was informed that this country could take no action in the matter.

The work of constructing sewers and a water system for Panama is progressing satisfactorily, according to a report received by the State Department from the officials of the isthmian city. It is thought that the undertaking will be completed within three months.

The President today reappointed Judge James Wickersham judge of the Third district of Alaska.

Crammond Kennedy, an attorney representing the New York importing firm of Hugh Kelley, & Co., filed with acting Secretary of State Adee this morning a complaint against the Dominican government for violation of an agreement with the sugar producers of the island, nine-tenths of whom are American citizens. The firm telegraphed that its steamer Aurora, at Azua, San Domingo, was refused permission to take on sugar unless a ten per cent production tax was paid. The Aurora already has sugar on board loaded at San Domingo city, on which no tax was demanded or paid. President Morales issued a decree December 18, 1903, exempting sugar from tax on import. The matter will be referred to Minister Dawson.

The Assistant Secretary of War, Gen. Robert Shaw Oliver; Brigadier General William Crozier, Chief of Ordnance, and several members of the Army General Staff, called at the White House this morning at the request of the President to discuss military questions pertaining to the training of the individual soldier in firing and skirmish drills, in marksmanship and in general military maneuvers. The important question of the military lessons taught thus far by the Russo Japanese war was discussed at the conference. The efficient of the new magazine rifle as compared with the small arm used by Japan and Russia was also considered. In the opinion of General Crozier this rifle is superior to that used abroad by any military nation. It was decided as a result of the conference, however, to allow the marksmen of the United States army to use, at their pleasure, either of two models of rifle sights adopted respectively in 1901 and in 1902 by the American ordnance department.

Ex-Senator Warner Miller, of New York, is expected in this city in a few days to arrange the details in closing for a piece of property not far from the Colorado building, upon which he will erect the largest office building south of New York. It will cost more than $1,000,000.

H. M. Adams died at Huntington, W. Va., this morning of paralysis. He was among the well known men of West Virginia and had been active in State republican politics ever since the civil war. He was for years an editor there and at Charleston, but at the the time of his death was assistant postmaster. He was born in Scioto county, Ohio, sixty-five years ago.

In a discussion yesterday in the House of Lords of the British naval programme, Viscount Goschen referred to difficulties which might arise with neutrals as strongly brought out by the Russo-Japanese war.

Heavy arrivals of bananas at Baltimore lately have resulted in reduced prices and great activity about the fruit wharves. Six or seven steamers are due in Baltimore this week, and all loaded with bananas.

Announcement was made by the Pinkerton Detective Agency yesterday that the jewelry stolen from the mansion of Arthur B. Leach, at South Orange, N. J., is valued at $40,000 instead of $3,000, as was first supposed.

An electrical apparatus for stamping glass tumblers, invented by a Liverpool official, enables one man to stamp 1,800 glasses an hour, while by the old system two men could only turn out between them about 360 per hour.

Congregational ministers representing Boston and various sections of New England have forwarded to the American Board of Foreign Missions a plea to decline the $100,000 gift of John D. Rockefeller on account of his connection with the Standard Oil Company.

A bomb thrown from the window of a house in Warsaw yesterday evening exploded in the midst of a passing patrol composed of police and infantry. Six soldiers and two policemen were dangerously wounded. They were removed to the Military Hospital. The assailant escaped.

The Venezuelan situation has assumed a new phase, resulting from the reported agreement of President Castro to turn over a large portion of the customs receipts to England and Germany. Such an arrangement, if effected, would almost preclude the possibility of collecting other claims against the republic so long as it remains in force, and the State Department has already notified President Castro that it must not interfere with claims of the United States. Minister Bowen has also called upon President Castro for an answer to his proposition to submit to arbitration the issues between Venezuela and the United States.

KUROPATKIN TO REMAIN.

The Czar has appointed General Kuropatkin to command the first army in Manchuria, which was formerly commanded by General Linevitch, who superseded Kuropatkin as commander-in-chief. Kuropatkin, who, it was announced a few days ago, had been disgraced for failure at the battle of Mukden, begged the Czar to permit him to remain with the army in any capacity.

It is obvious that the Czar could not do without Kuropatkin and was forced to accept the latter's offer. Russia is so short of real generals that Kuropatkin's services, particularly as a strategist and as a master of retreats, are just now invaluable.

Russian officers estimate the Japanese losses in the recent battles at 100,000 men. Revised Japanese figures, however, place the Japanese losses at 50,000, and revised Japanese estimates of Russian losses, beginning with the battle of Mukden and ending with the fighting at Tie Pass, place them at 175,000 killed, wounded or captured.

A report that General Rennenkampff's corps of Cossacks had been trapped by the Japanese south of Tie Pass while trying to rejoin the main Russian army is not credited at the Russian War Office.

The Russian retreat toward Harbin continues. General Linevitch is disposing the fresh troops of the Fourth Corps, just arriving from Russia. He has established headquarters at the crossing of the Sungari river, which may enable him to check the Japanese advance, the bridge at that point being necessary to their progress. When all the Russians have crossed and the bridge is blown up it is hoped the Japanese pursuit will be checked.

The new Japanese foreign loan of about $50,000,000 will be divided among the United States, Great Britain and Germany.

General MacArthur, the American military observer with the Japanese armies, is now at General Oku's headquarters in the field.

THE METHODISTS.

Bishop Alpheus W. Wilson, who was to have presided over the one hundred and twenty-first annual session of the Baltimore Conference of the Methodist Episcopal Church South, beginning this morning at Winchester, was taken suddenly ill at his home in Baltimore Monday and will be unable to attend the session. Erysipelas has developed. He telegraphed to Bishop Warren A. Candler, of Atlanta, Ga., to take his place.

Over 300 ministers and laymen have arrived in Winchester to attend the Conference. The first conference ever held in America was held in Winchester 100 years ago, and today's assembly will be one of the most notable of its kind within the history of Methodism. Eight hundred ministers and laymen are expected to be in attendance. The last time conference was held, was in 1876, and the first time its sessions were presided over by Bishop Asbury.

Conference was formally organized this morning at 9:30 o'clock, and will last until probably Tuesday of next week, when the appointments for the ensuing year will be announced

Conference was called to order by Rev. J. E. Armstrong, presiding elder of the Roanoke district, who will act as temporary president until a president is elected to act until the arrival of Bishop Candler.

The conference, according to the minutes of last year's session, held in Alexandria last year, has 234 clerical members, 182 charges, 577 churches; value of church buildings, $1,460,860; 148 parsonages, value $257,435; 58,834 members, 603 Sunday schools, with 41,266 scholars; 212 Senior and Junior Epworth Leagues, with 9,013 members; 86 Women's Foreign Missionary Societies, with 2,021 members, and 50 Home Missionary Societies, with 1,709 members. The conference includes portions Maryland, Virginia, West Virginia and the District of Columbia.

The Woman's Christian Temperance Union held a gold medal contest at Washington, Rappahannock county, the 20th inst. Master David Miller, son of Mr. and Mrs. H. J. Miller, won the medal.

Messrs. Davis and Davis, Washington patent attorneys, report the grant, this week, to citizens of this State, of the following patents: James H. Clark, of Richmond, assignor of one-half to Frank M. Thompson, for a railway-switch setting and locking mechanism; Edward S. Coffman, of Clifton Forge, for means for automatically applying air brakes in derailments; William H. Dunn, of Richmond, for a building-wall and concrete block for same; James A. Mebane, of South Boston, for a socket for electric lamps.

After a year of suffering, having narrowly escaped several surgical operations for ills with which he was not afflicted, a piece of hat pin, two and three-quarter inches long, worked its way out of the side of Clarence Sturdivant, aged 15 years, of Richmond, and he has fully recovered his health. On Valentine's night of last year the boy passed along the street where a number of boys were playing the jokes of that season. A negro girl thinking him one of her tormentors, plunged a hat pin twice into his side. It was not until the piece worked out on the opposite side that Sturdivant or his physicians knew that a large portion of the pin had broken off. The boy was just about to undergo an operation for appendicitis when the pin point fortunately made its appearance.

WHO WROTE PROTOCOL?

Before the Santo Domingo problem can be settled to the satisfaction of the Senate the administration will have to furnish the co-ordinate treaty-making body with an explanation of the manner in which the protocol was framed and the authority under which Commander Dillingham acted in negotiating that compact. Lack of this official information led to the demand of Senator Teller and others that the administration send the facts and official documents in the case.

Senators believe Commander Dillingham did not act upon oral instructions, as intimated in certain quarters, and that written instructions were furnished him of such a nature as would show the Domican affair in a new light.

It is generally understood that the sensation which was sprung during the last days of the special session when Senator Morgan (Ala.) made a statement to the Senate relative to the treaty in which Mr. and Mrs. Reader, of Alabama, and William Nelson Cromwell, of New York, the counselor of the Panama Legation to the United States, are said to have been interested, was only a natural result of lack of information which Senators desired concerning Commander Dillingham's negotiations, authority and instructions.

Senator Morgan believes that the Administration did not intend to submit the Santo Domingo protocol to the Senate, he said:

"The reference to the Reader transaction was simply an effort to account for Commander Dillingham's presence in Santo Domingo and for the protocol signed by him and Minister Dawson for the United States and by two Ministers of The Santo Domingo Government, which the Government has not yet officially published, and for the conduct of Commander Dillingham in its execution. That protocol was signed on the 20th day of January, to take effect on the 1st of February, and was never submitted to the Senate for ratification. Senators were anxious to know—and had the right to know—by whom and where that protocol was written and, if it was written in Santo Domingo, the instructions under which it was negotiated and signed. I believed and still believe that the presence of Reader in Santo Domingo on that occasion and for that purpose was the cause of the sending of Commander Dillingham to Santo Domingo."

May Annul Her First Marriage.

A dispatch from Rome says that Cardinal Gotti, prefect of the propaganda, has instructed Cardinal Martinelli to report on the case presented by Princess Rospigliosi, formerly Marie Jennings Reid, of New Orleans, for the annulment of her first marriage with Col Fred H. Parkhurst, of Bangor, Me. The case will soon be discussed before the Congregation of the Propaganda. It is generally believed by the ecclesiastical authorities that annulment will be granted, as, even admitting that the Parkhurst-Reid marriage was celebrated with a dispensation, which considered him a Protestant, the marriage is null and void, it being now established that Colonel Parkhurst never was baptized.

The Princess Rospigliosi, who is a Catholic, was divorced in 1898 from Colonel Parkhurst, who was a Protestant, and in 1901 was married in Rome to Prince Rospigliosi, head of an ancient family of clerical nobility and brother of the commandant of the papal noble guard. The ceremony was a civil one, and from the first the Catholic Church refused to recognize the marriage. When the Prince first applied to the Congregation of the Propaganda for recognition of his wife's divorce in the United States the church declined to recognize it, but Monsignor Chappelle, who married Mrs. Parkhurst to her first husband, since testified before the congregation that the first marriage was irregular, according to the laws of the church.

Today's Telegraphic News

War in the East.

London, March 22.—A dispatch to the Reuter Telegram Company says that the Russian army has reached a place of safety but that the irregulars and stragglers were cut off by the Japanese. The haven of the Russians is not given.

With the Russian army at Gunsuling, 106 miles north of Tieling, March 20.—Our rear guard nows occupies Sipings, seventy miles north of Tieling. The enemy continues to follow us, but the pursuit is slow and the main Japanese army apparently is remaining at Tieling. Our four days' rest at Tieling gave us a chance to reform the army and to recover from recent hardships. Since that time our march has been conducted in an orderly fashion, but so rapidly that many of our horses and cattle have died of exhaustion. The columns of our army have been moving like endless serpents along a half dozen roads which parallel the railway. On the first day's march we covered thirty miles. Kaiyuan was left behind on March 16, and the rear guard evacuated Chantafu, eighteen miles farther north, on March 19. Dispatches report that a force of irregulars which was operating to the eastward was cut off before news of the battle of Mukden reached them and was compelled to retire to the northeast, probably making for Kirin.

With the Russian army, at Guntsuling, March 21.—General Kuropatkin arrived here today from Harbin, where he went on Sunday. He was received with a great ovation and made a speech expressing the hope that the army would soon be able to retrieve its reverses. It is too early yet to determine what effect the change in the supreme command of the army will have, but the soldiers have a great deal of confidence in the venerable General Linevitch, whose task is a monumental one. The reorganization of the forces effected at Tieling after the retreat from Mukden undoubtedly marks the second stage of the war. Guntsuling has a large railway station and is an important Red Cross centre and is supplied with military facilities of every sort. It has now become a great camp overflowing in all directions. Troops are arriving daily and our advance divisions are continuing the march to the northward, while fresh troops from European Russia are going south to relieve the worn out rear guard. The booming of big guns on the right flank has been audible through out the day, indicating fighting in that direction. Persistent reports have been circulated that a massacre of the wounded and of the Red Cross staff occurred at Mukden after the Russians had evacuated the place, and before the Japanese occupied it, although a Tartar General undertook to protect non-combatants during the period.

St. Petersburg, March 22.—A dispatch from Gen. Linievitch says that a body of Japanese cavalry accompanied by a force of infantry, has appeared in front of the Russian outposts, at Machentay.

Averse to Receiving Donation.

New York, March 22.—A heated controversy among the clergy and students of ethics has arisen over the protest made by the Congregational ministers against the acceptance of $100,000 given by John D. Rockefeller to the American board of foreign missions. The ministers agreed that the money should be returned to Mr. Rockefeller, because the Standard Oil Company, of which he is the head and chief owner, stands before the public under repeated and formidable indictments for methods which are morally iniquitous and socially destructive. The action of the ministers has already stirred up the clergy in this and other cities. The congregational ministers take the stand that the acceptance of such a gift from Rockefeller implies honor toward the donor and subjects the board to the charge of ignoring the moral issues involved. Should the commissioners of the board heed the petition it will put a religious organization on record as being opposed to taking money alleged to have been obtained by unjust methods. The Rev. James S. Williamson, of Haverhill, Massachusetts, one of the signers of the petition, in a signed statement says: "Mr. Rockfeller in his social life among his friends and neighbors may be a very genial and companionable man. In the immediate circle of his family he may be faithful, pure, upright and loving. But Mr. Rockefeller is president of a corporation which in its business methods stands condemned by the best thought of the republic as an enemy of its life. In commercial life he is a monstrosity, in civic life social dynamite. Until he repents sufficiently of the past by either reforming or leaving the said corporation and making restitution so far as possible, the Christian church should better ask him to keep his money and allow the conversion of the heathen abroad to tarry till we can send them a message of light and love by power not publicly convicted of crime." Not a few ministers in this city take exceptions to the stand taken by the Congregational ministers in and about Boston. They declare that no absolute proof has been adduced that Mr. Rockefeller did not get his money honestly. Mr. Rockefeller is a member of the Baptist Church and he receives the support of its ministers without exception. Rev. Dr. Robert S. McArthur, of the Calvary Baptist Church, says that the step taken is an insult to Mr. Rockefeller's generosity and especially when it is considered that he is a Baptist. Rev. James H. Ross frankly says that he would willingly take the whole of Mr. Rockefeller's money and turn it to the best use possible.

Waters Receding.

Pittsburg, Pa., March 22.—The crest of the flood was reached at 8 o'clock this morning, and the rivers are rapidly receding. The highest point reached was in the Monongahela, the stage being 29 feet. The rivers started to fall at their head waters last night and early this morning, and the flood stage will last only a few hours, as the streams will go down as rapidly as they came up. At midnight reports from points at the head waters of the Monongahela and Allegheny showed the rivers to be falling, and the rainfall stopped. Special reports from points between Pittsburg and the head waters during the early morning hours showed the danger of a very high stage to be past.

Cincinnati, O., March 22.—A special to the Post from Wheeling, W. Va., says: "At 10:30 o'clock a. m. the stage of the Ohio river was 42 feet 4 inches. The Weather Bureau predicts 44 feet, the crest of the rise to come tonight. Considerable flood damage is threatened.

Mysterious Death.

Sharon, Pa., March 22.—William Randall, a tailor of West Middlesex, is being detained by the police until he is able to give a satisfactory explanation of the disappearance of his companion, who is believed to have been drowned in the Shenango river at Wheatland last night. The two left the Keystone livery here at 9 o'clock, and one hour later Randall was found clinging in mid stream to a tree and rescued. No trace of the other man or the horse and buggy were found. Randall was almost dead from exposure. He says that his companion was a stranger who asked to to take a ride and he does not know what became of him. Randall remembers getting caught in the flooded stream and after a desperate struggle, getting into the tree. Who the other man was, cannot be learned. The police are mystified.

Wants to Appeal to the President.

New Brunswick, N. J., March 22.—J. Frank Cordova, the eloping pastor, is anxious to get President Roosevelt or some of the Washingtou authorities interested in his behalf. He declares he has been treated outrageously by the New Jersey courts, and has asked his counsel, Lawyer S. B. Cook, what he can do to get aid from Washington. Lawyer Cook informed him they might interest the court of pardons in his behalf. Cordova will write to President Diaz, also the Secretary of War at Mexico, and have them communicate with Washington. He hopes something favorable to him will result from action taken by the Mexican government. Cordova is still in jail unable to get bail, which was fixed yesterday at $4,000.

Largest Four-master.

Rockland, Me., March 22.—The schooner Governor Powers, which was launched here today, is the largest four-master afloat, and the largest ever built, with the exception of the schooner Frank A. Palmer, which was lost. Her dimensions are length, 237 feet; breadth, 44 feet; depth, 20 feet; gross tonnage, 1,962; net tonnage, 1,578. Her carrying capacity is three thousand tons of coal. The vessel was christened with roses.

Inability to Secure Seamen.

St. Petersburg, March 22.—A telegram from Libau states that the authorities have not yet been able to organize the proposed fourth squadron on account of their inability to secure seamen. Many of the officers are mere boys, without any sea training, and the crews are composed largely of peasants who were never on board a ship before their enlistment.

Historic House Destroyed.

Madrid, March 22.—The greatest regret is felt there as well as over all Spain over the destruction by fire of the house at Argamasilla in the district of Mancha, in which Cervantes wrote "Don Quixote" Strenuous efforts were made to save the house, but they were unavailing.

New York Stock Market.

New York, March 22.—Commission houses were fairly large sellers, but as soon as these orders were executed the transactions were confined almost wholly to the large room traders, who changed their position sometimes as soon as one of the others appeared committed to either side of the market. Most of the traders became aggressively bearish just after the end of the first hour, and in their talk attached importance not only to the Venezuelan situation, but also to the developments in the Corn Products Company. These were given as reasons for selling other low priced industrials. The feature of the market was the absence of stop orders even at figures where stop orders in various stocks had previously been reported. Specialists in leading stocks state that their books are fairly well filled with buying orders and that the selling orders, standing even on declines, are small and in few cases amount to more than 1,000 shares.

Answer Filed.

C. B. Moomaw, city solicitor for the city of Roanoke, has filed in the clerk's office of the United States Circuit Court in Lynchburg papers in answer to the suit for $30,000 damages against the city of Roanoke, and the suit for $20,000 against Mayor Joel H. Cutchin and Sergt. J. A. Manuel, of that city, brought by Rev. Richard R. Jones, the colored Baptist minister, who resided in Roanoke up to the time he was forced to leave that city on February 3, 1904, on account of inflammatory remarks alleged to have been made by the preacher in a sermon to his congregation relative to the assault upon Mrs. Shields in that city by Henry Williams, the negro who was afterward hanged for the crime. In the declaration filed by the Washington attorney for Jones, it was asserted that neither the city of Roanoke nor its officials furnished Jones protection, although requested to do so, and that as a consequence he was compelled to surrender the pastorate, to sell his property at a sacrifice, and to move his family from the city of Roanoke which he did, going to the State of Pennsylvania. Mr. Moomaw is counsel for the city of Roanoke, and also for Messrs. Cutchin and Manuel, and as such has entered a plea of not guilty, also not pleading the statute of limitation, twelve months having passed since Jones was compelled to leave Roanoke.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The Brockton Horror.

Fifty-five dead, 16 identified, 48 missing and 255 employes accounted for was in brief last night the situation following Monday's catastrophe in the shoe factory of R. B. Grover & Co., in Brockton, Mass. A snowstorm that early yesterday covered the wreckage last night turned into rain, but, braving the elements, groups of men, women and children gathered at the morgue, hoping against hope that the chance discovery of a bit of familiar clothing or object of personal belonging would lead to the identification of their dead. At the ruins 100 men drenched to the skin toiled unceasingly amid the half-burnt timbers for fragments of flesh and bone, which, when found, were hurried to the morgue to be scanned by those waiting there. That the 55 dead represent the total number of victims no one familiar with the disaster believes. It is extremely doubtful, however, that more than fragmentary pieces of other bodies will ever be found. Medical Examiner Paine said last night that he believed other bodies had been reduced to ashes and that the number of victims might never be positively known. He did not believe that further identification of the charred remains at the morgue was probable.

To Play Races at Sea.

An ocean pool-room will be accessible to New Yorkers of sporting proclivities tomorrow, when Benning opens, and from then on until the close of the New York racing season. The sidewheel steamer Mount Desert has been chartered for this purpose and equipped with wireless telegraphy, by means of which reports of the races will be received. The Mount Desert will take in her paraphernalia somewhere on the New Jersey coast, but will go to Manhattan for her passengers from the Battery. District Attorney Jerome, according to those interested in the scheme, will be "up a stump" as far as any power of stopping the game may go. Outside the three-mile limit the excursionists will bet on the ace open or coppered, or their favorites at the various tracks and laugh at the District Attorney.

Tickets will be sold for "excursions," and the visitors will simply be excursionists until they get beyond the three-mile limit. Just to provide against contingencies, however, two lawyers well versed in maritime law will accompany the boat on each trip prepared to answer the demands of any curious revenue cutter that may approach too closely. The excursions will last each day until after the sixth race, when it will return to its startling point at the Battery in New York.

Senator Martin.

While Senator Martin is very popular in Stafford, there were many of his admirers and supporters who had never made his acquaintance until last court day when he was presented, but had based their preference upon the splendid record Senator Martin has made in the Senate. The members of those churches in the county which have claims pending in Congress against the U. S. Government for damage sustained at the hands of the U. S. troops during the war, were hearty in their congratulations of the Senator for the success which has attended his efforts in these matters. Senator Martin is the only member of either branch of Congress who has succeeded in getting any of these claims passed and appropriated for, and at the next session of Congress will undoubtedly get appropriations to pay for damages sustained by all the churches which have entrusted their claims to his hands, and all of them now have either been paid or referred to the Court of Claims, or are pending in the Senate for its final action.—[Fredericksburg Lance.

Killed by Cyclone.

A dispatch from Roanoke, Randolph county, Ala., states that reports have reached Roanoke of a disastrous cyclone which swept across the southern part of Randolph county late Monday night. Eight or nine lives are known to have been lost and with damage amounting to thousands of dollars to property. The cyclone started at a point near Double Heads and proceeded in a northwesterly course. The residence of Mark Carlisle was demolished and R. C. Haynes, of Roanoke, was killed. Six miles farther east a number of houses were demolished and three negroes killed and several persons injuried on the Wilson plantation. Three or four negroes were killed on the Holly plantation, near Rock Mills. At Lime postoffice a store was demolished and a little white girl, daughter of a Mr. Lucas, was killed and her mother seriously injured. Details of the storm are difficult to obtain on account of wires being down.

Ton of Silver at Lake Shore.

While walking along the south shore of Silver lake, at Akron, Ohio, yesterday, George Lodge stumbled over a huge billet of metal which was found to be silver. Making further investigation, he and his brothers dug out 26 large billets of an average weight of 100 pounds, making over a ton in all.

For many years the late Henry Wetmore, who died at the age of 110 years, told a story how an encampment of 500 Indians, shortly before the battle of Tippecanoe, left the vicinity of Silver lake in a single night, and it is thought that silver was the treasure they dumped into the water for safekeeping.

The federal grand jury, impanelled to investigate the alleged beef trust, was completed at Chicago this morning.

A CARD.

To the Voters of Alexandria County and the City of Alexandria:

After consulting many of my friends in the county and feeling that the citizens of Alexandria city recognize the justice of the claim made by the county of having a delegate at this election selected from among the voters of the county, I announce myself as a candidate for Delegate to the State legislature from the city and county of Alexandria and ask the support of the citizens of the city and county upon the following conditions:

First. That they are satisfied that I will represent the whole people, giving my best efforts to the interests of the city and county at large, and performing the duties conscientiously to all people alike, not being bound by any clique or combination, but endeavoring to improve the conditions in both the city and county, and

Second. That I will cast the city and county vote for United States Senator in accordance with the wishes expressed by a majority of the people at the polls,

Unless the voters of the city and county are satisfied that the best interests of all concerned will be subserved by my election, I would prefer not to have their support.

Respectfully,
G. G. BOTELER.
Alexandria county, Va., March 14, 1905.

Local Matters.

Sun rises tomorrow at 6:00 and sets 6:15. High water at 2:09 a. m. and 9:38 p. m.

WEATHER PROBABILITIES.—For this section partly cloudy and warmer tonight and Thursday; light northeast to southeast winds.

River Notes.

The northeast wind and rain of the past few days caused a high tide in the river this morning, but it did not make high enough to cause any damage. In places, however, it was awash with wharves. Dispatches from Cumberland say that the Potomac is now higher than at any time this season, and it is constantly rising. All tributaries are now beyond their banks, while the smaller streams are torrents and it is feared that damage will result. A heavy rain fell almost constantly for thirty-six hours.

The three-masted schooner William P. Hood, which was recently loaded with railroad ties at W. A. Smoot & Co's wharf for Boston, has sailed.

The schooner Wentz L. Roberts is at W. A. Smoot & Co's wharf loading fish barrels, &c., for the lower river.

The schooner John P. Robinson has sailed from Smoot & Co's wharf with lumber for the lower river.

The tug William H. Yerkes, Jr., has been chartered to tow fish boats on the Potomac to Washington and Alexandria.

The tug Imperial left Baltimore yesterday for this port to tow the Norwegian schooner Vardik to Baltimore to load lumber for river Platte.

The rebuilding of the wharf of the Washington-Alexandria ferry in Washington has been stopped, but will be resumed shortly, when the lease is transferred to the new company which is to operate a ferry.

Work has been resumed on the construction of the new boat house on the army engineers' pier at Fort Washington. The piles which will support the structure have been driven and the erection of the house started. The new boat house will be used to shelter the larger boats in use by the officers and men stationed at the Potomac fort.

The big bucket dredge Kennedy, belonging to the Maryland Dredging Company, has arrived from Baltimore in tow of the tugs Sarah and Pickwick and is lying at anchor in the channel about midway between this city and Washington. As soon as the dredge can be put in trim for work she will start dredging the shoal spots in the main channel above this city and will be attended by the tug Pickwick. The tug Sarah has returned to Baltimore.

The new tugboat Agnus Cameron, from Baltimore, has arrived at Agnew's shipyard.

A barge is being loaded with coal at Agnew's shipyard for Washington.

The schooner Joseph G. Ray 1,062 tons, which is to carry coal from Norfolk to Port Tampa, has been chartered to bring phosphate rock from the latter port to this city.

Sale of Steamers.

The steamers Defiance, George H. Stout, Yuma and Eaglet, of the Clyde line, running between Philadelphia and New York by way of the Delaware and Raritan canal, were sold last Saturday to Peter Hagen, of Philadelphia, for $29,500. With the sale of these vessels the Clyde Line Steamship Company discontinues a service that has been operated about 60 years. The steamers Stout and Defiance were once used in the Clyde Line service between Carolina sound ports and Norfolk to Baltimore. They also ran on the line between Alexandria and Philadelphia, many years ago. There were two others—the Philadelphia and the New York—which were engaged in the packet service. The last-named, it will be remembered, was destroyed by fire at Philadelphia.

Alexandria Light Infantry.

The Alexandria Light Infantry, Company G, Seventieth Regiment, Virginia Volunteers, was last night inspected by Col. Chas. A. Dempsey, U. S. A., retired, who is assigned to duty with the Virginia militia. The company was under command of Capt. P. J. Murphy and Lieut. Windsor W. Demaine, and made a creditable exhibition. It was the general observation of all who witnessed the inspection that marked interest was being manifested by the officers and members of the command. The company has considerably increased in numbers during the past two months, and during the drill last night showed signs of hard training. Last night there were two commissioned officers and 52 enlisted men in line.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Clarence Anderson, colored, arrested by Officer Nicholson charged with assaulting Kate Gibson, was fined $5.

John Davis, colored, arrested by Officer Roberts for being drunk in the street, was dismissed with an admonition.

Edward Maple, arrested by Officers Smith and Gill charged with assaulting and robbing Elijah Chatterback and with assaulting Albert Chatterback with a pistol, had his case continued.

Opera House.

As is announced elsewhere, the Willis Musical Company will appear at the Opera House tomorrow night. "Two Old Cronies" will be the attraction. This company appeared in this city last season with one of the best repertoire companies on the road. They have been playing recently in various places in New Jersey, and the press comments are highly favorable. They have a large chorus and a great many specialties. The company will also appear on Friday and Saturday.

Alexandria Canton.

Alexandria Canton, No. 1, Independent Order of Odd Fellows, will be instituted by officers of Washington Canton, No 1, on Thursday night, April 6. The officers of Alexandria canton will be W. L. Martin, captain; Charles E. Hawkins, lieutenant; A. H. Mitchell, ensign; W. E. Latham, clerk, and M. Spiro, treasurer. These officers visited Washington last night and took their obligations before the canton of that city. The Alexandria canton will start with about thirty members.

Mr. J. Frank Taylor has sold to Mr. Geo. T. Caton the house and lot No 505 Prince street.

Charged with Robbery.

Elijah and Albert Chatterback appeared at the station house last night and reported that they had heard previously had a dangerous experience at the corner of Duke and Henry streets. The first named said he had been wantonly assaulted by several men, one of whom produced a pistol and threatened to kill him, and his brother Albert, who went to the rescue, asserted that he had been knocked down and $24 taken from him. Upon information received by the police they subsequently arrested a young man named Edward Maples on the charge of assault and highway robbery. The case came before Justice Caton in the Police Court this morning, when Elijah Chatterback told a confused story of the assault, and claimed that a bartender, who had been cited to appear as as a witness, drew the pistol and threatened his life. He could not identify Maples as one of his assailants. Albert Chatterback said he was in the neighborhook talking with several men at the time and hearing the disturbance went to the corner where he was knocked down and $24 taken from his pocket. The bartender in his statement said that Elijah Chatterback entered the saloon in a drunken condition, was refused liquor and subsequently ejected from the place. He returned, and was again shoved into the street and the door closed. He could add nothing further to the case, as he said he knew nothing of the alleged assault and robbery. Later another witness was procured who positively identified Maples as one of the assailants. The case was continued until tomorrow morning.

Personal.

Rev. J. E. Thacker will preach in the Second Presbyterian Church tonight. Mr. Thacker was for several years pastor of the Second Church. He is now stationed in Norfolk.

Col. C. A. Dempsey, U. S. A., inspector of the Virgina Militia, last night paid an official visit to this city and inspected the Alexandria Light Infantry, Co. G, 70th Virginia Infantry. Col. Dempsey is an officer of experience and ability, and doubtless under his instructions, the Virgina troops will equal those of any other State in the union.

Rev. Father Sullivan, of Georgetown College, last night preached an interesting and instructive sermon at St. Mary's Church. During the services Verdi's arrangement of Jesu De Vivi was beautifully sung by Mrs. Nettie Donnelly Brill, Miss Mai R. Greenwell and Mr. Wm. L. Hoy. There was a perfect blending of the voices and the rendition was far above the average. By request, the trio will be repeated next Tuesday night.

Mrs. Jessie R. Armstrong has returned from Brooklyn where she spent the past month visiting friends.

Corporation Court.

[Judge L. C. Barley presiding.]

William Rogers vs. Metropolitan Life Insurance Company; suit to recover premium on policy held by the late R. H. Meade; defendant demurred to evidence, jury and verdict for plaintiff for $210 and interest, subject to decision of court on the demurrer. The court overruled the demurrer.

The will of Barbara Moore, colored, was admitted to probate and Henry Smith, qualified as executor. The estate was valued at $1,500. The deceased left $100 each to her two brothers and to Henry Smith, and her real estate to her nephew and niece, Joseph and Lucy Morris.

Com. vs. W. O. Pollard, indicted for grand larceny in connection with the car robbery cases; case set for trial tomorrow.

Surprise Party.

A number of friends of Miss Sophia Bendheim appeared at Mr. Charles Bendheim's residence, 812 Prince street, last night, for the purpose of giving his sister a surprise masquerade party. In the party were well-known ladies and gentlemen of this city, as well as several from Washington. A delightful evening was spent by all present. The season incident to the Feast of Purim is to Israelites akin to that of the holidays at the close of the old and beginning of the new year among Christian nations, when parties and other social gatherings are in order.

The Fishery.

A gloomy pall still hung over Fishtown this morning in consequence of the northeast wind, rain and raw weather of the past two or three days. A number of gillers have gone down the river for the purpose of intercepting the shad now anxiously anticipated. Fish are still high, although the hucksters have large and varied assortments. Shad are bringing from 50 to 65 cents each, herring 50 cents a dozen, perch 10a15 cents a pound, and rock and the better species of pan fish from 15 to 20 cents a pound.

Candidates.

Mr. George G. Boteler, of Washington district, Alexandria county, in today's Gazette announces his candidacy for the democratic nomination for delegate to the legislature from this city and county. It is understood that Mr. John H. Trimyer, formerly of this city, and now a resident of Jefferson district in the county, is considering the advisability of entering the race.

Charter.

The Corporation Commission yesterday issued a charter to the Merchants' Coffee Company, the principal office, of which is to be in Alexandria. The incorporators are Joseph Chunn, president; D. E. Anthony, secretary; E. W. McCormick, treasurer, all of Washington. The capital stock is to be, maximum, $25,000; minimum, $10,000. The company proposes to do a general merchandise business.

Reliance Fire Company.

The regular monthly meeting of the Reliance Fire Company was held last night. Considerable business was transacted. All active members of the organization will have procured uniform during the next 60 days. At the close of the meeting the members enjoyed an oyster roast.

Social Last Night.

The social given by the Westminster League of the Second Presbyterian Church last night was enjoyable throughout. The interesting programme which had been prepared was well rendered and all who attended were highly pleased with their evening's experience.

Initiation.

Fitzgerald Council, Knights of Columbus, of this city, will tonight confer the third degree upon a large number of candidates. Visiting delegations from Baltimore, Washington, Richmond and other neighboring cities will be present.

Best for the Retailer.

In an address before the New England Dry Goods Association last week Nathaniel C. Fowler, jr., of Boston, said: "Without depreciating the value of any of the good advertising mediums I wish to state without qualification, that the newspaper is the best and cheapest advertising medium for the retail advertiser." There are a hundred explanations of the fact stated by Mr. Fowler. The one which he offered was this: "The reader buys the paper for the advertising as well as for the news; because he pays for the paper he proposes to get his money's worth, and he cannot get his money's worth unless he reads that paper, advertisment and all."

WEDNESDAY EVENING, MAR. 22, 1905.

Charlie's Parents.

While waiting one evening at my friend's house for him I was pleasantly entertained in the drawing room by his wife. Our conversation drifted to the use and abuse of tobacco, when Mrs. A. said:

"I am sorry to say that Charles smokes, and cigarettes too. I can smell it on his clothes. I wouldn't have his father know it for anything. He hates tobacco in all its forms."

Shortly after, Charles and his father having come in to dinner, I noticed Mrs. A. get up and carefully remove her son's coat to a peg on the hall rack quite distant from his father's. After dinner Mr. A. and I went to keep an engagement with a third friend. On our way home who should we pass but Charles smoking a cigarette.

My friend said: "I am so afraid that boy's mother will get on to the fact that he smokes. She dislikes tobacco so, especially cigarettes. I know it would break her heart. Don't mention it, for goodness' sake."

Like a wise diplomat, I concluded not to interfere.—Albany Journal.

Honesty as a Policy.

A judge and a party of lawyers were discussing various maxims when one of the lawyers said:

"Well, judge, do you really believe honesty is the best policy?"

"I'll answer that question by a story," replied the judge. "When I was practicing law one day in the interests of a client I said to a man:

"'Do you own a large black dog with white spots?'

"He looked at me quizzically and then said:

"'Oh, no. That dog is merely a stray canine that occasionally strolls into my yard. You're the tax assessor, aren't you?'

"'No. I'm only a lawyer. I came to tell you that a client of mine had accidentally shot and killed the big dog and authorized me to pay the owner $25 damages. But as the animal has no owner, why, of course there's nothing to pay. Good morning.'"—Cleveland Leader.

John Bull and the Letter "H."

John Bull and the trouble he experiences with the letter "h" have been the occasion of many a witticism. There is the story of one Londoner who scolded another for pronouncing "hour," "heir" and "honor" correctly. "Why don't you haspirate your haitches, you bignorant hass?" asked the critic. Among the traditions of the London bar is the story of one Sergeant Channell. He was arguing a case in which a vessel named the Helen was concerned. Every time the name cropped up Channell called her the Ellen. "Stop, stop!" said the judge at last. "How many vessels were there? I've got two in my notes, the Ellen and the Helen." At this point the attorney for the other side interrupted, giving Channell no chance. "There was only one vessel, m' lud," said he. "She was christened the Helen, but she lost her 'h' in the chops of the Channell."

Like Finding Money.

Finding health is like finding money—so think those who are sick. When you have a cough, cold, sore throat or chest irritation, better act promptly like W. C. Barber, of Sandy Level, Va. He says: "I had a terrible chest trouble, caused by smoke and coal dust on my lungs; but, after finding no relief in other remedies, I was cured by Dr. King's New Discovery for Consumption, Coughs and Colds." Greatest sale of any cough or lung medicine on earth. At E. S. Leadbeater & Son's drug store; 50c and $1.00; guaranteed. Trial bottle free.

Proper Treatment of Pneumonia.

Pneumonia is too dangerous a disease for anyone to attempt to doctor himself, although he may have the proper remedies at hand. A physician should always be called. It should be borne in mind, however, that pneumonia always results from a cold or from an attack of the grip, and by the proper treatment of these diseases a threatened attack of pneumonia may be warded off. There is no question whatever about this, as during the thirty years and more that Chamberlain's Cough Remedy has been used, we have yet to learn of a single case of a cold or attack of the grip having resulted in pneumonia when this remedy was used. It is also used by physicians in the treatment of pneumonia with the best results. Dr. W. J. Smith, of Sanders, Ala., who is also a druggist, says of it: "I have been selling Chamberlain's Cough Remedy and prescribing it in my practice for the past six years. I use it in cases of pneumonia and have always gotten the best results." Sold by Gibson & Timberman and W. F. Creighton & Co.

A Dinner Invitation.

After a hearty meal a dose of Kodol Dyspepsia Cure will prevent an attack of Indigestion. Kodol is a thorough digestant and a guaranteed cure for Indigestion, Dyspepsia, Gas on the Stomach, Sour Risings, Bad Breath and all stomach troubles. N. Watkins, Lesbus, Ky., says: "I can testify to the efficacy of Kodol in the cure of Stomach Trouble. I was afflicted with Stomach Trouble for fifteen years and have taken six bottles of your Kodol Dyspepsia Cure, which has entirely cured me. The six bottles were worth $1,000 to me." Sold by all druggists.

Nothing will cure Indigestion that dosen't digest the food and give the stomach a rest. It isn't necessary to starve yourself in order to rest your stomach—take Kodol Dyspepsia Cure. It will digest any quantity of all the wholesome food you want to eat while your stomach takes a rest—recuperates and grows strong. This wonderful preparation is justly entitled to all of its many remarkable cures. Sold by all druggists.

There is one rational way to treat nasal catarrh: the medicine is applied direct to the affected membrane. The remedy is Ely's Cream Balm. It restores the inflammed tissue to a healthy state without drying all the life out of them and it gives back the lost senses of taste and smell. The sufferer who is tried of vain experiments should use Cream Balm. Druggists sell it for 50 cts. Ely Brothers, 56 Warren street, New York, will mail it.

FOR OVER SIXTY YEARS

HAMLINS
WIZARD OIL

No time should be lost, because lung trouble may easily develop into pneumonia or consumption. Hamlins Wizard Oil, applied to the chest, relieves the pain and inflammation, loosens up the cough and soon cures the disease.

"My little girl," writes Rich. W. Thornton of Quray, Colo., "suffered more or less with a cold on the lungs since her birth, and finally the trouble became serious. No remedies gave relief, until we tried Hamlins Wizard Oil, one bottle of which permanently cured her." Price 50c and $1.00.
